*The Law [is] a shadow of good things to come. (Hebrews 10:1)*

A shadow is a picture of its owner; it reflects what its possessor is doing. God's 'shadows' are illustrations of what He intends to do at a later date. For instance, the Law Covenant was a shadow, or picture, of what Christ and the Church will accomplish in the Millennial Age. Galatians 3:24

*Color the picture and add the dog's shadow, the fire's shadow, and the tree's shadow.*

Can you make these shadow puppets using your hands and a light?

Match each shape to its shadow
