

May 21

Come now, and let us reason together saith the LORD.

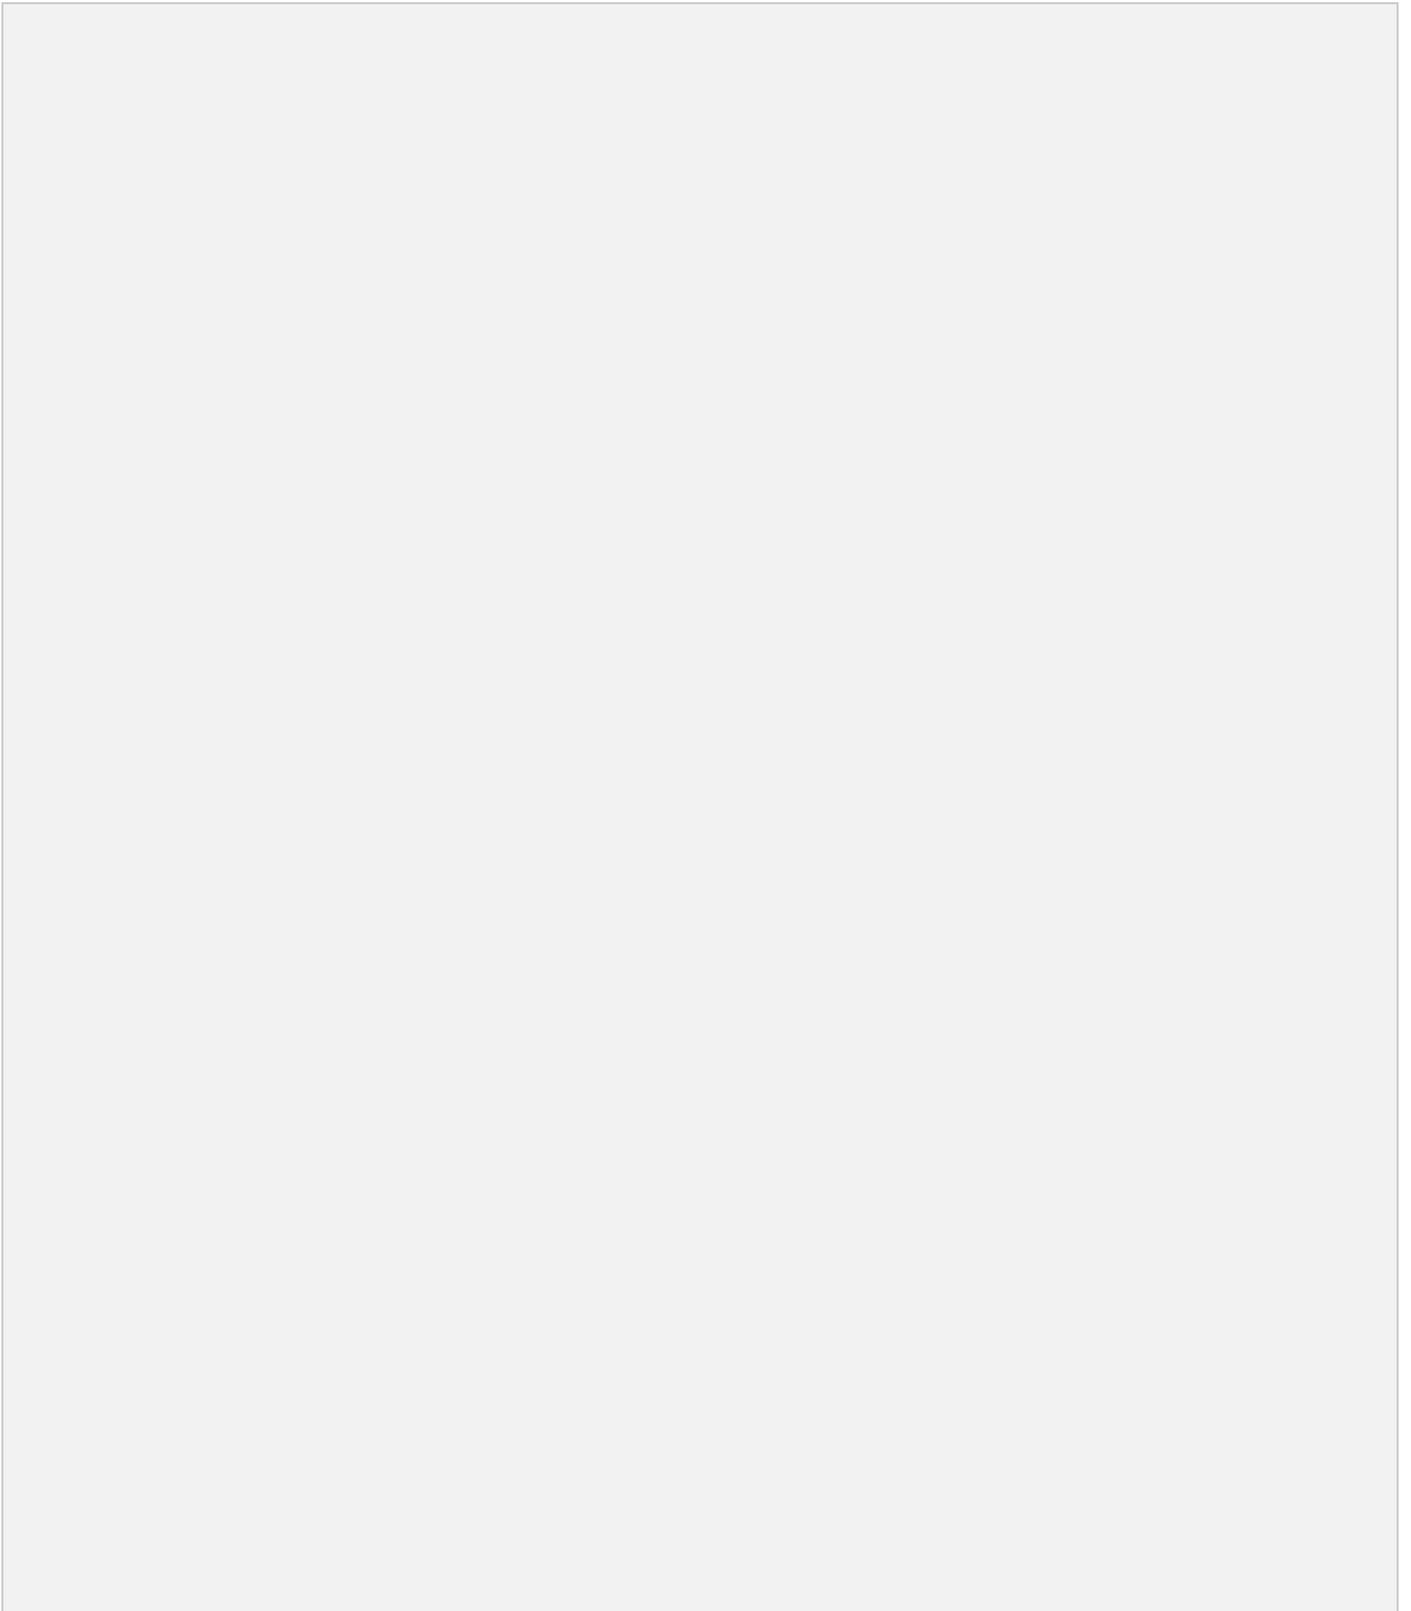

(Isaiah 1:18)

The truth is always reasonable. Each part of the Bible is in harmony with the rest. Some portions of God's plan are more difficult to understand than others because they are stated in picture language. Others, in a very literal sense, mean just what they say. The Scriptures become clearer when we read and think about them in harmony with other verses we have read previously. 1 Samuel 12:7

Color the picture

Can you name something from the Bible that made literal sense when one of the 5 senses were used? Draw a picture to represent when someone used their senses.
