*All the Law is fulfilled in...this; Thou shalt love thy neighbor as thyself.  
(Galatians 5:14)*

Jesus gave us a new commandment to obey - one which included all God's laws - that we should love others as we love ourselves. We should always think of the needs and wishes of others, just as if they were our own needs and wishes of others, just as if they were our own needs and wishes. As we learn to really care about other people, it becomes easier to grow in this love. And God will help us, and be very pleased with our efforts.
